Description

Recipe

Vietnamese-style loaded fries

Inspired by Vietnam's famous banh mi sandwich, a popular street food with hot, spicy and sweet flavours, these fries are loaded with sweet glazed tofu, quick pickled vegetables, mayonnaise and hot sauce. If you have an air fryer, you can use it to cook the fries.

Recipe tips

Japanese mayonnaise is richer and creamier than European-style mayo; it is made with rice vinegar and is usually sold in a squeeze bottle. If you can't find it, you can use regular mayo instead.
